IMPORTANT - HEALTH & SAFETY GUIDELINES

Whereas no problem has ever arisen from handling animals or animal derivatives from Linton Zoo or the Zoo Outreach Programme, it is important that the children are supervised while washing their hands after every session with the animals or any animal derivatives.

It is the responsibility of the group leader to ensure that the children's hands are thoroughly cleansed and you must provide anti-bacterial wipes, gel, or similar for this purpose, otherwise children will not be allowed to touch any of the animals. Anti-bacterial soap is provided in the toilet block.

I have read and accept the above guidelines.
